

## Stonewall CAD – Building Index

TYPE	DESCRIPTION
Barn	Pole barn, dirt floor
Barn SFA	Slab Foundation, average construction
Barn SFE	Slab Foundation, excellent construction
Barn SFG	Slab Foundation, good construction
Barn SFL	Slab Foundation, low construction
Com Bldg	Commercial Building, low construction
Com2 Bldg	Commercial Building, low-fair construction
Com3 Bldg	Commercial Building, fair construction
Com4 Bldg	Commercial Building, average construction
Com5 Bldg	Commercial Building, ave-good construction
Com6 Bldg	Commercial Building, good construction
Com7 Bldg	Commercial Building, very good construction
Com8 Bldg	Commercial Building, excellent construction
Eporch	Sun porch
Fuel Double	Fuel pumps – double sided
Fuel Sing	Fuel pumps – single fueling station
FVO	Flat Valued on
GH1	Green House, low-fair construction
GH2	Green House, average construction
GH3	Green House, good-very good construction
GH4	Green House, excellent construction
Hotel – LSB	Hotel, low service building
MH Agar	Manufactured house, attached garage
MH CP	Manufactured house, carport or covered patio
MH CP+	Manufactured house, excellent construction carport or covered patio
MH OP	Manufactured house, porch
MH Dgar	Manufactured house, detached garage
MH1	Manufactured house, low construction
MH2	Manufactured house, fair construction
MH3	Manufactured house, average construction
MH4	Manufactured house, good construction
MH5	Manufactured house, very good construction
MH6	Manufactured house, excellent construction

Ofc Bldg – B1	Office, low construction
Ofc Bldg – B2	Office, fair construction
Ofc Bldg – B3	Office, average construction
Ofc Bldg – B4	Office, good construction
Ofc Bldg – B5	Office, very good construction
Ofc Bldg – B6	Office, excellent construction
RB Agar	Barndominium, attached garage
RB CP	Barndominium, carport or covered patio
RB CP+	Barndominium, excellent construction carport or covered patio
RB Dgar	Barndominium, detached garage
RB OP	Barndominium, porch
RB1	Barndominium, substandard cost/construction
RB2	Barndominium, low construction
RB3	Barndominium, fair construction
RB4	Barndominium, average construction
RB5	Barndominium, good construction
RB6	Barndominium, very good construction
RB7	Barndominium, excellent construction
RF Agar	Frame house, attached garage
RF CP	Frame house, carport or covered patio
RF CP+	Frame house, excellent construction carport or covered patio
RF Dgar	Frame house, detached garage
RF OP	Frame house, porch
RF1	Frame house, substandard cost/construction
RF2	Frame house, low construction
RF3	Frame house, fair construction
RF4	Frame house, average construction
RF5	Frame house, above average construction
RF6	Frame house, good construction
RF6+	Frame house, very good construction
RF7	Frame house, unique/excellent construction
RV Agar	Brick/masonry house, attached garage
RV CP	Brick/masonry house, carport or covered patio
RV CP+	Brick/masonry house, excellent construction carport or covered patio
RV Dgar	Brick/masonry house, detached garage

RV OP	Brick/masonry house, porch
RV2	Brick/masonry house, substandard cost/construction
RV3	Brick/masonry house, low construction
RV4	Brick/masonry house, fair/average construction
RV5	Brick/masonry house, average/above ave construction
RV6	Brick/masonry house, good construction
RV7	Brick/masonry house, very good construction
RV7+	Brick/masonry house, unique/excellent construction
Shed	Shed – 3 or less walls, dirt floor
Shed STA	Shed – 3 or less walls, average construction, slab
Shed STE	Shed – 3 or less walls, excellent construction, slab
Shed STG	Shed – 3 or less walls, good construction, slab
Shed STL	Shed – 3 or less walls, low construction, slab
Shop	Shop – dirt floor
Shop SFA	Shop – average construction, slab foundation
Shop SFE	Shop – excellent construction, slab foundation
Shop SFG	Shop – good construction, slab foundation
Shop SFL	Shop – low construction, slab foundation
Slab FDA or FRA	Slab – average construction, average depth
Slab FDG or FRG	Slab – good construction, may be reinforced
Slab FDL or FRL	Slab – low construction, minimum depth
Slab FRE	Slab – excellent construction – reinforced
Stor	Storage – ready built moved in
Stor SC	Storage – Storage container moved in
Stor SC1	Storage – Storage container newer construction moved in
Stor STA	Storage – building built on site with slab, average construction
Stor STE	Storage – building built on site with slab, excellent construction
Stor STG	Storage – building built on site with slab, good construction
Stor STL	Storage – building built on site with slab, low construction
Storunit – MHW	Storage units – mini-warehouse, slab, no heating/cooling
TH Agar	Tiny house, attached garage
TH CP	Tiny house, carport or covered patio

TH CP+	Tiny house, excellent construction carport or covered patio
TH OP	Tiny house, porch
TH Dgar	Tiny house, detached garage
TH1	Tiny house, low construction
TH2	Tiny house, fair construction
TH3	Tiny house, average construction
TH4	Tiny house, good construction
TH5	Tiny house, very good construction
TH6	Tiny house, excellent construction
